

Air Disc Brakes

Like-Nu™

Remanufactured Air Disc Brakes for various applications.

Like-Nu™ Remanufactured Air Disc Brakes

Like-Nu remanufactured air disc brakes provide:

- Corrosion resistant nickel-plated guide pins and Geomet® coated guide pin bolts
- Long life and anti-seizing grease withstands extreme temperatures, pressure and provides excellent deterioration resistance
- Increased reliability with burnished long bushing and Teflon™-coated short bushings* for added protection throughout the life of the caliper
- Extended boot life with hand fitted boots designed to equalize internal and external pressure
- Smooth application using Teflon-coated caliper half bearing*

*Teflon-coated short bushings and Teflon-coated caliper half bearings are features of ADB22X only

Like-Nu is not a rebuilder. Our parts are remanufactured – fully restored – to ensure integrity and “like new” performance

- Complete tear-down, cleaning and inspection of every core
- Testing for internal leaks and casting viability
- New high-performance components to ensure longevity
- Full cycle testing to ensure proper operation
