

# OEM-SPEC CAST IRON GLADHANDS FROM GROTE

**MATERIAL:** CAST IRON  
**SEAL MATERIAL:** POLYURETHANE  
**STANDARDS:** SAE J1318™  
**PACK QUANTITY:** 1

**Premium Polyurethane Seals** for a reliable air-tight seal, and a longer service life

**One-piece casting with integrated connector plate** eliminates separation issues and a spring loaded bearing lock ensures a strong connection while in operation

**Cast Iron with Zinc and Yellow Dichromate coating** for maximum corrosion prevention and extreme durability in all weather conditions

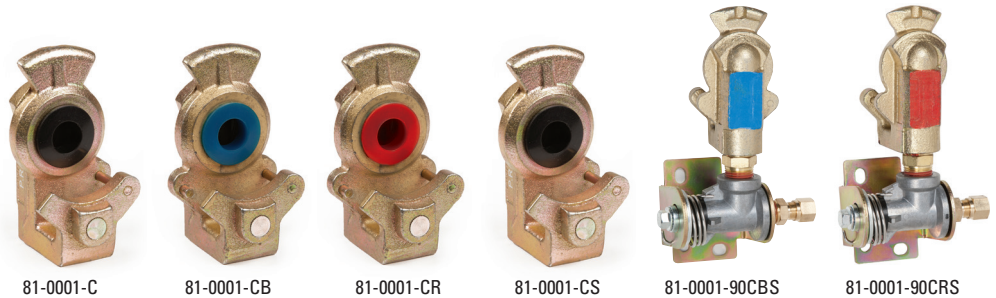

*Filter screen not included with all cast iron gladhands; see product chart for details*

**STAINLESS-STEEL FILTER SCREEN**  
 Filter screens prevent dirt, unwanted objects or insects clogging your air lines, and improved wear resistance lengthens service life.

## GROTE'S MOST DURABLE, OEM-SPEC GLADHANDS

Grote's cast iron gladhands provide superior protection from corrosion, blocked air lines and costly downtime. Cast iron offers over twice the tensile strength, twice the compression strength and twice the hardness of cast aluminum, making these the strongest and most durable gladhands that Grote offers.
