

WÜRTH

Würth Chemicals

Würth Chemical Products are widely regarded as some of the best available in the market. These high-quality chemicals are so much more effective than the competition, that you will use less to do each job, saving money compared to many brands.

Whether you're working in your personal garage or performing professional maintenance on equipment, your reputation depends on the manufacturing a quality product. Würth is confident in providing you with parts that will meet or exceed your quality standards and is a proud supplier partner to Daimler Truck.

General Product Information

At Würth, our focus is on providing the right parts at the right time. We take proactive measures to maintain our own high-quality standards, and to ensure the integrity of the parts we supply. While the Würth Groups main product line lies in its vast fastener selection, Würth also hosts a large line of chemical-technical products that service multiple industrial fields ranging from construction to automotive. These products vary in their usage including: manufacturing, employee safety, and maintenance.
