General Product Information

Aftermarket PreSet Hub Assemblies

ConMet Aftermarket hub assemblies are the most advanced wheel ends on the market, featuring ConMet wheel seals and bearings. By replacing your wheel ends with genuine PreSet hubs, you get the following benefits:

- Increased uptime
- Reduced labor costs
- Less potential for errors during installation
- Reduced liability

Service Kits

Both ConMet and Alliance service kits enable technicians to return PreSet and PreSet Plus hubs to their factory condition with OEM genuine components.
