

KNORR-BREMSE

Bendix

Product Highlights

Feature or benefit

Formula Blue® hydraulic brake parts product coverage includes new and remanufactured brake calipers, and premium rotors with industry-leading fit and quality, as well as complete lines of pads and shoes and brake hardware.

Feature or benefit

All Formula Blue Performance and Premium brake rotors feature a double disc ground finish which virtually eliminates run out and disc thickness variation issues.

Feature or benefit

Formula Premium brake rotors are mill balanced to a tolerance of less than 2ozinch. This additional machining operation reduces feedback associated with rotor vibration and provides smooth, confident application of braking force.

Feature or benefit

All Formula Premium brake rotors feature OE vane structures and designs. These details ensure that the rotor will work just like the OEM part.

- Electro statically applied coating, NOT simply spary paint
- 400 hour salt spray tested
- Fully coated, inside and out
