Improved Output at Low-Engine Speeds

Minimum of 90% output of unit's rated maximum output at engine idle speed* provides efficient, battery-saving performance

Premium Brushless Design

Best-in-class brushless performance without the weight & size downfalls of conventional alternators

Dual Cable Terminals (B+/B-) Positioned Laterally & Axially

Extends the coverage & convenience of these alternators

Remote Sense Capable

Reduces battery charge time & returns battery to a full state of charge between vehicle stops

Isolated Ground Technology

Reduces stray voltage currents traveling through the engine – reduces component wear & eliminates potentially severe electrolytic damage

Premium Heavy Duty Design

eCoated for superior corrosion resistance & heavy duty housing design improves performance in common extreme operating environments

IdlePro Extreme 12V Alternators

Warranty Information

IdlePro Extreme 12V:

Highway & Bus 12V Applications, 4-Year/Unlimited Mileage*

IdlePro Extreme 24V:

Medium & Heavy Duty Applications, 3-Year/350,000 Miles*

*Check with your Prestolite representative for more details
