Bi-Directional Lip Seals

A sealed assembly runs better.

Engineered for faster installation while improving durability and performance, our grease lip seals are a Steer King exclusive that keep dirt and contaminants out, reduce wear-and-tear, prevent airlock, and increase quality and reliability.

Seal it with a perfect fit.

Our bi-directional lip seals install fast—in either direction.

Always the correct orientation.

- *The seals cannot be put in wrong.*
- *Faster installation process.*

Prevents airlock.

- *Enhances performance and reliability.*

Keeps dirt and contaminants out.

- *Improves durability and performance.*
- *Protects the king pin and reduces wear and tear on the assembly.*

Extended life when using seals.

- *Durability and lasting performance from a sealed assembly.*

Steer King products are engineered to be long-lasting and are known for hassle-free installation, which saves time and boosts productivity for both shops and truck owners.

Steer King® is an ATRO® brand with parts backed by the industry's best warranties. Our parts are built with pride in St. Clair, Missouri by a team who cares about delivering a quality product for you.

ATRO Parts. Performance that drives your success.

Pre-Packed Bearings

Save time and ensure proper installation.

Our pre-packed bearings* set new standards in the industry, ensuring your installations are faster, more accurate, and hassle-free. Discover how Steer King can transform your maintenance routine, saving you both time and effort.

Leave the packing to us.

Our pre-packed bearings* save you the effort—and 10-20 minutes per install.

Bearings pre-packed with grease.

- Ensures proper grease application for performance and durability.
- Saves the hassle, effort, and time of handling and applying grease.

Precision ground surface.

- High-quality machined parts.

Openings face towards the ground.

- Fast, easy orientation for installation.

***Important Note: Mack Bearings Configuration**
Special Note for Mack Owners: Due to specific configurations, Mack bearings are not pre-packed, but Steer King's quality and precision remain unmatched.

Steer King products are engineered to be long-lasting and are known for hassle-free installation, which saves time and boosts productivity for both shops and truck owners.

Steer King™ is an ATRO® brand with parts backed by the industry's best warranties. Our parts are built with pride in St. Clair, Missouri by a team who cares about delivering a quality product for you.

Grooved Pins

Who's feeling Groovy? We are!

SteerKing's pins are always grooved to allow 2-3x more grease, extending the kingpins life.

Shop-Ready Box

Parts in their place, where they should be.

SteerKing's tool-box packaging is designed to prevent contamination and loss of parts.
