L35002 - Friction Application Reference Chart

Grey-Rock Brake Linings

For Demanding the Critical combination of Brake Performance and Value, Haldex Grey-Rock is the Answer.

- Long-Lasting
- RSD Compliant
- Fade Resistant
- Low-Abrasion
- Lower Life Cycle Cost Life
- Lining Applications for All Ranges
- Extensive Coast-to-Coast FMSI Inventory
- Available in both New & Remanufactured options

TransitmaX

- Developed for excellent braking performance and extended service life in all transit and coach applications
- Organic fiber based formulation provides outstanding thermal stability and enhanced drum life
- Quiet operation ensures passengers of a safe trouble-free ride
- Minimal growth and swell makes TransitmaX an excellent choice to be combined with automatic brake adjusters and ABS systems
- Standard and Oversize Linings available

SMARTSteel

SMARTSteel Friction was created to battle rust jacking. With SMARTSteel, Haldex integrates cutting-edge technology into our brake shoes, offering superior performance and durability compared to traditional options.

Haldex's SMARTSteel brake shoes effectively minimize the risk of corrosion between the shoe table and lining through the application of an adhesion material. This substance forms a protective barrier, shielding against chemicals, water, and salt spray. The bond created is activated and strengthened by the heat generated during brake application.

Top Movers

Material No.	Material Description
HDX GD4707QG	Brake Shoes Reman Gripper Kit
HDX GD4707QJ	Brake Shoes New Gripper Kit
HDX GD4709ES2J	Brake Shoes New Gripper Kit
HDX GF4707QG	Brake Shoes Reman Gripper Kit

- Manufactured in ISO/TS16949 certified facilities
